Children could participate in our summer day camp for two weeks. The activities included excursions to Margaret Island, Orczy Park and Normafa, a visit to the Wildlife Park, a LEGO presentation, playground games, ice cream, team games and a ropes course.

### CITY PARK PICNIC

On June 17th 2023, the City Park Picnic took place, where approximately 80 of us gathered to celebrate the coming together of our cultures. The event showcased elements of Nigerian cuisine - including jollof rice and suya skewers, we also sampled a birthday cake in celebration of one of our clients.

### TRIP TO THE SCHIFFER VILLA

On June 8th, a group with 35 Hungarian students set off to the Schiffer Villa, which is also the National Tax and Custom's Museum of Financial and Tax History. The children had the opportunity to draw and the adults listened to the many interesting stories of the last 120 years.

## HRCA REFUGEE MINISTRY - INTEGRATION BASE PROGRAM

### TRIP TO DOBOGÓKŐ

We had a great trip to the Pilis hills on June 18th Sunday, with our clients from our Hungarian class, on the route of Dobogókő-Prédikálószték Lookout Tower-Dömös.

We had fantastic weather, lovely views, and a long trail to follow. With some of us not choosing the right shoes for the trip, an extra 7 kilometres, we had to squeeze in at the end to a more comfortable road to avoid the mighty rocks that could have caused some trouble.

We were exhausted by the end but made it eventually to our dinner place in Dömös and could only get back to the city by 10.30. pm but everyone was grateful for the experience...
